You will be pleasantly surprised at the amazing panoramic view of the pacific ocean this lot has. Enjoy whale watching (seasonal) and the sound of the ocean while building upon your very own slice of paradise. This elevated lot is perfect to accommodate the home you would build as it looks up over any electric lines. Pebble Beach is less than a half mile away where you can take a dip, bask in the sun, snorkel, dive, paddle board, kayak or even explore a trail along the coast line. Come explore.
