Prime Pastureland: One of two lots with a total acreage of 103.717 Acres available. The pastureland is interspersed with native forest of Ohia Lehua as well as Euclayptus Robusta and other fine hardwoods in the windbreaks. The acreage is also appropriate for agricultural plantings of sweet potato, taro and ginger as well as many other vegetables. A "Container Barn", made out of four 20 ft. containers(2 back to back on each side) has a roof constructed from trusses placed perpendicular to the containers. This well-made "Container Barn" has close to 2,000 square feet of covered area, ready to use! This is an excellent location, with easy access to Rt. 11, thus making a great location for a Private Estate, Gentleman's Farm or Nature Retreat.
